PLANNER: RACHEL REID

The Marin County Planning Commission will hold a public hearing to consider the 2007 Marin Countywide Plan (CWP) Supplemental Environmental Impact Report (SEIR) that has been prepared in accordance with the decision of the Court of Appeal of the State of California First Appellate District Division Three, to set aside the County's certification of the 2007 CWP EIR with respect to San Geronimo Watershed only, pending preparation of a SEIR with respect to the San Geronimo Watershed only, that analyzes cumulative impacts in conformity with the California Environmental Quality Act (CEQA) Guidelines section 15130, subdivision (b), and that describes mitigation measures in conformity with State CEQA Guidelines section 15126.4 or makes other findings in conformity with State CEQA Guidelines section 15091. As specified in the Court's order, the principal action considered in this SEIR is adoption and implementation of the Marin CWP (2007) with respect to the San Geronimo Valley and the potential for effects on salmonids. The SEIR will be used to fulfill the Court's mandate, and will be used by the Marin County Board of Supervisors in considering approval of the Proposed Project (Marin CWP [2007]) and certification of the SEIR with respect to the San Geronimo Valley.

The Draft SEIR finds that the project, in combination with changed conditions, would not result in any unavoidable significant impacts. All impacts in the Draft SEIR were either identified to be less than significant, or able to be rendered less than significant through mitigation measures identified in the Draft SEIR. In addition, the County has elected to pursue voluntary mitigation measures consistent with its commitment to avoiding or minimizing impacts to the maximum extent practicable. No action other than conducting the public hearing to receive testimony on the adequacy of the Draft SEIR will occur at this public hearing.
