

RECORD SEALING INFORMATION SHEET

Dear Applicant:

You are applying for the sealing of your juvenile record, that is, any case in which you were cited to appear and/or did appear before a Police Officer, Probation Officer, or the Juvenile Court in Marin County for any violation which occurred prior to your eighteenth birthday. Marin County does not charge any fees for the record sealing process.

It is important that all of your contacts with police agencies be reported, as all agencies that have your record will be sent an order for sealing of your juvenile records. If you should fail to report a contact, it is possible that part of your record may not be sealed. Be careful to list all law enforcement agencies, Probation Departments and Courts with which you have had contact.

Once your application is received by the Probation Department, approximately 4-6 months will be required to complete the sealing process. During this time, information regarding the status of the sealing application will only be released to the applicant.

To start the Record Sealing Process, please send the signed/dated sealing application to:

**Marin County Probation Department
Attn: Juvenile Sealing Clerk
4 Jeannette Prandi Way
San Rafael, CA 94903**

BENEFITS OF SEALING RECORDS:

All records, reports, exhibits, documents, etc. listed on the Marin County Order for Sealing are directed sealed. This means that the Court, Probation Department, Police Agencies and any other agency (except the Federal Government) having information regarding the individual must physically seal the record and respond to any request for information that they have no record.

Please note the following exceptions:

1. The Department of Motor Vehicles will be notified to seal their public records of juvenile traffic convictions. However, it will allow access of these records to the subject of the record and to his/her insurance company. The insuring company may use the information contained in the record for purposes of determining eligibility for insurance and insurance rates. The information may not be used for any other purposes nor be disclosed by the insurer to any other person or party not having access to the record.
2. The Federal Government, including all branches of the military service, has indicated that they might not recognize the sealing of a juvenile record pursuant to Section 781 of the Welfare and Institutions Code. All juvenile records must be reported, even though sealed, when applying for a security clearance, or employment with a private company that does business with the Federal Government.

Questions regarding the procedure for juvenile record sealing or eligibility requirements should be directed to the Juvenile Record Sealing Clerk at (415) 473-6659.
